

Associated Tradesperson Electrical Licence Course for Plumbers and Gas Fitters - 2018

E-tec is offering these courses in three locations in 2018. You must already be a registered plumber and or gasfitter to participate in this course.

Enrol before the close off date to secure your space.

Course structure

The course is:

- 6 – 10 weeks distance learning (in your own time) in paper-based format,
- A 3 day practical course which is on Wed, Thursday and Friday,
- An EWRB Associated Tradesperson examination (held on a Saturday), you may sit your exam at any of the other locations outside of your dedicated course, but you must inform us of this on enrolment.
